– Ten Years After Dodd-Frank – *Conference Agenda*

Join us on the 10-year anniversary of President Obama's signing of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, the most sweeping financial reform law since the Great Depression of the 1930s. We will look back at the consideration, passage and impact of that historic financial reform law, as well as look forward at preventing future crashes, getting finance to serve society, reducing inequality, and creating broad-based prosperity for all Americans.
